

# 16 To 19 Tuition Fund

## Liberty Training January 2021

### Summary

*The 16 to 19 tuition fund is £96 million of one-off funding for the 2020 to 2021 academic year only. It is ring fenced funding for schools, colleges and all other 16 to 19 providers to mitigate the disruption to learning arising from coronavirus (COVID-19).*

*The funding is being provided to support small group tuition for 16 to 19 students in English, maths, and other courses where learning has been disrupted. For example, vocational courses where assessment has been deferred because of lockdown. Although the actual tuition does not need to be for GCSE English or maths, the students supported all need to be those who had not achieved grade 5 or above in at least one of those subjects at this level by age 16. All supported students must be on a 16 to 19 study programme.*

### Our Offer

Liberty Training will offer small groups of up to 3 learners face to face learning to help prepare for exams. We will focus on young people who have not previously achieved a Level 2 qualification in Maths or English. This is in addition to the planned learning that the learners are already engaging in at Liberty.

Groups will be formed by level and ability in order to help learners progress to the stage of learning that we would have expected should there have been no disruptions to delivery.

During times of lockdown, or where safety or learner needs override the ability to deliver face-to-face groups, online and distance will be made available.

Learners will be selected for the funding and support based on qualifications and personal circumstances.

Sessions will be a minimum of an hour long and will focus on the functional skills areas specific to the learners attending. Please see our proposed delivery model that will start at the end of February.

**16-19 Tuition Fund: 3 learners in each session**
