- Schools Standards and Framework Act 1998

We are aware that the General Data Protection Regulations (GDPR) has entirely replaced the previous Data Protection Act (DPA) making changes to many existing data protection rules and regulations that schools, academies and other educational establishments adhered to under the DPA. The principal aim of the GDPR is to strengthen and unify the safety and security of all data held within an organisation.

Liberty Training focuses on working with young people aged 16-24. We understand that starting a new education provision can be a daunting experience. Using this policy, Liberty Training hopes to make this process as smooth as possible for all involved, ensuring learners receive the appropriate level of care to meet their individual needs.

We will consider all applications for admission as we are an inclusive school and will admit pupils without reference to general ability or aptitude. We believe we operate a fair and equal admissions policy.

We will admit any child with a statement of special educational needs that names this school.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates into all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Aims

- To establish and maintain a fair and open admissions policy.
- To ensure compliance with all relevant legislation connected to this policy.
- To work with other schools and the local authority to share good practice in order to improve this policy.

Admissions Procedure

Liberty Training do not have any admissions criteria, and operate a “first come, first served” basis. All learners will be accepted on to courses providing that the company can meet their needs.

When considering applications, Liberty Training will always give the highest priority to meeting both the needs of the learner who has applied and to those already offered a place on a course. We will make every effort to appropriately match any client to the most suitable and appropriate course and group or one to one provision. All applications will be dealt with promptly and efficiently.

In the event of over-subscription, potential learners will be offered a place on the next available course as the courses run regularly throughout the year.

Enquiries can be made either by phone, e-mail, via the website, or in person. Contact details will be taken, and an invitation will be made to attend the next available enrolment day. If referral to the course is made by a professional, they will be asked to fill in a referral form which will supplement the application form.

Potential learners will be invited to attend to an enrolment day. Learners will be shown around the venue and meet the tutors (where possible). Information will be given to the learner regarding the course content, dates and times. Learners will be asked to complete an application form and help will be given by the tutors to complete the application forms.

Learners will be notified within 28 days if they have been accepted onto the programme.

Risk Assessments should be completed prior to the start date and reviewed regularly thereafter.
